Be the CATALYST for better education and FUTURE of less fortunate Thai students

Importance of Education support for Thai less fortunate students

For children in rural Thailand, poverty is not only the lack of money, but also the lack of opportunity and hope for a better future. Not being able to get a proper education prevents them from breaking the endless cycle of poverty and ignorance.

Education support is, therefore, significantly important not only to help relieve the financial burden of their families on their schooling, but it also gives them encouragement to study and empower themselves to become self-reliant and escape from the vicious cycle of poverty.

Even now, there are still many underprivileged children needing a helping hand to succeed. Of course, you can help create a sustainable sharing society by providing them educational support. Surely, people who are educated have the real potential to truly change their lives for the better.

EDF Foundation or the Education for Development Foundation was established in 1987 and officially registered as a Public Charity No. 255 with tax-exempted status under the laws of Thailand.

Our goal is to provide education opportunities and improve the quality of life of less fortunate Thai children and the youth. Assist them to develop necessary life skills and to gain valuable knowledge they can use throughout their lives; free themselves from the cycle of poverty and help in the betterment of their own families, rural hometowns and the country as a whole.

Since our establishment, we have delivered scholarships worth over **630 million baht** to more than **373,000 disadvantaged students** in more than **5,500 rural schools** throughout Thailand.

How you can HELP?

Your donation to EDF Scholarship Program will help at least a child with

Lunch expenses at school.**

Education expenses that are not fully covered by the government aid.

Traveling expense to and from school.

** Free school lunch in public schools is provided only to students in pre-school and primary school levels but not for the secondary level.

Their Future is Our Future Your contribution will bring a life-changing opportunity to children in need and better our world.
